Breed / Description

Hereford-Angus cross heifers selected for soundness, disposition, and maternal type. They are moderate framed and offer a practical base for a commercial replacement program.

Feed

Native grass, hay, and a moderate grower ration.

Health Program

Vaccination: Complete calfhood respiratory and clostridial vaccination program. Dewormed and treated for external parasites.

Age / Source Verified: Ranch-raised, single-source heifers; age represented by consignor.

Delivery / Weighing

Delivery Window: September 1 through September 10

Weighing Conditions: Ranch scale with early-morning gather and 2 percent shrink.

Notes

Represented as open. Buyer should rely on sale-day announcements for final reproductive information.
