Breed / Description

Charolais-cross steers selected for growth, length, and feeding performance. The group is reasonably uniform with the bone and capacity expected from Continental-influenced cattle.

Health Program

Vaccination: Complete respiratory and 7-way clostridial vaccination program. Weaned 60 days, dewormed, and poured.

Age / Source Verified: Single-source cattle; age and origin represented by consignor.

Notes

Feed-ready steers suitable for continued grazing or placement into a finishing program.

Feed

Native and improved pasture with a supplemental grower ration.

Delivery / Weighing

Delivery Window: August 10 through August 20

Weighing Conditions: Certified scale near the ranch; gathered early with 2 percent shrink.
